

Growing Older?

Planning Considerations for Yourself & Your Parents

*It's never too early,
but often too late!*

Join us for a **FREE** presentation on preparing yourself to age in place.

Specially designed for you and anyone caring for an older adult.

Most people want to stay in their community to age in place. Navigating the complex financial issues about health care, housing and the legal system can be overwhelming for aging Americans and their families.

Here's help! And it's free!

Join Ellen Feinsand for an informative evening presentation on managing financial health for older adults. Learn tips and get information to make smart financial decisions for you and your family. Topics include:

- Understanding common financial issues
- How to make appropriate decisions
- Action planning steps
- Helpful resources
- Health care and insurance
- Housing options
- Social Security and other benefits
- Legal considerations
