Debris

TAKEN FROM ARTICLE 1, SECTION 111.5 OF THE MASSACHUSETTS STATE BUILDING CODE.

As a condition of issuing a permit for the demolition, renovation, rehabilitation or other alteration of a building or structure, M.G.L C40, S54 requires that the debris resulting therefrom shall be disposed of in a properly licenced solid waste disposal facility as defined by M.G.L C111, S150A. Signature of the permit applicant, date and number of the building permit to be issued shall be indicated on a form provided by the building department, and attached to the office copy of the building permit retained by the building department. In the case of large project where the name and location of disposal facility may be unknown at the time of the building permit application, an affidavit provided by the building department containing the number of the building permit, date, within two months, when notification will be submitted to the building official of the name and location of the waste disposal facility, signature and address of the permit applicant and date shall be acceptable. THIS REQUIREMENT DOES NOT APPLY TO NEW CONSTRUCTION.

In accordance with this provision of M.G.L c 40, S 54 a condition of Building Permit Number _____ is that the debris resulting from this work shall be disposed of in a properly licensed solid waste facility as defined by M.G.L c 111, S150A.

The debris will be disposed at _____
